10.2 Criteria for Evaluating Teaching Methods and Technology

Checklist for a practical lesson

Form	Evaluation	Evaluation criteria
------	------------	---------------------

	Control		
1	Oral and written response	Excellent Corresponds to the grades: A (4,0; 95-100%); A- (3,67; 90-94%)	It is given if the student did not make any mistakes or inaccuracies when answering. Orients in theories, concepts and directions on the topic under study and gives them a critical assessment, uses the achievements of scientific data.
		Good Corresponds to the grades: B+ (3,33; 85-89%); B (3.0; 80-84%); B- (2.67; 75-79%); C+ (2,33; 70-74%);	If the student does not make mistakes when answering, makes fundamental inaccuracies or fundamental mistakes corrected by the student himself, he can systematize the program material with the help of the teacher.
		Satisfactorily Corresponds to the grades: C (2,0; 65-69%); C- (1,67; 60-64%); D+ (1,0; 55-59%); D-(1,0; 50-54%)	It is given if the student makes inaccuracies and mistakes in the answer, is limited to the educational literature indicated in the syllabus, and has great difficulties in systematizing the material.
		Unsatisfactorily Corresponds to the assessment (0.5; 25-49%); F (0; 0-24%)	If the student makes fundamental mistakes when answering, does not work with the main literature on the topic of the lesson; cannot use the scientific terminology of the subject, answers with gross stylistic and logical errors
2	Solving situational tasks	Excellent Corresponds to the grades: A (4,0; 95-100%); A- (3,67; 90-94%)	<ul style="list-style-type: none"> - shows a deep knowledge of the material; - actively participates in solving situational problems and in their discussion; - chooses the optimal way to solve a situational problem; - argues his/her decision; - logically, competently answers questions and asks them.

Checklist for SROs

	Form of control	Evaluation	Evaluation criteria
1	Content analysis	Excellent Corresponds to the grades: A (4,0; 95-100%); A- (3,67; 90-94%)	The content analysis was completed on time, written independently, the structure fully complies with the requirements. Content analysis fully reflects the problem under study. The student analyzed the problem, argued his conclusions and presented his own analysis of this problem. Illustrations are provided. During the defense, he answered all the questions correctly.
		Good Corresponds to the grades: B+ (3,33; 85-89%); B (3,0; 80-84%); B- (2,67; 75-79%) C+ (2,33; 70-74%)	The content analysis was completed on time, written independently, the structure fully complies with the requirements. Illustrations are provided. During the defense, he made inaccuracies when answering questions.
		Satisfactorily Corresponds to the grades: C (2,0; 65-69%) C- (1,67; 60-64%) D+ (1,0; 55-59%); D-(1,0; 50-54%)	The content analysis was completed on time, written independently, the structure fully complies with the requirements. Illustrations are provided. During the defense, he was poorly oriented in the questions asked. He did not sufficiently substantiate his conclusions.
		Unsatisfactorily Corresponds to the grade: FX(25-49%) F (0-24%)	Content analysis was not completed on time. The problem is poorly covered, there is no analysis and own argumentation of the problem, He does not answer questions.

2	Essay	Excellent Corresponds to the grades: A (4,0; 95-100); A- (3,67; 90-94)	The essay is completed on time, written independently, the structure fully meets the requirements. The essay fully reflects the problem under study. The student analyzed the problem, argued his conclusions and presented his own analysis of this problem. Illustrations are provided. During the defense, he answered all the questions correctly.
		Good Corresponds to the grades: B+ (3,33; 85-89); B (3.0; 80-84); B- (2.67; 75-79) C+ (2,33; 70-74);	The essay is completed on time, written independently, the structure fully meets the requirements. Illustrations are provided. During the defense, he made inaccuracies when answering questions.
		Satisfactorily Corresponds to the grades: C (2,0; 65-69); C- (1,67; 60-64); D+(1,33; 55-59) D (1,0; 50-54)	The essay is completed on time, written independently, the structure fully meets the requirements. Illustrations are provided. During the defense, he was poorly oriented in the questions asked. He did not sufficiently substantiate his conclusions.
		Unsatisfactorily Corresponds to the assessment FX (0,5; 25-49) F (0; 0-24)	The essay was not completed on time. The problem is poorly covered, there is no analysis and own argumentation of the problem, He does not answer questions.
3	Comparative analysis	"Excellent" Corresponds to the grades: A (4.0 - 95-100) A- (3,67 – 90-94)	The comparative analysis was carried out in full and on time. All recommendations and requirements for the performance of work are taken into account. During the defense, the student demonstrates deep knowledge of the topic. The relevance of the research topic is revealed, the conclusions are logical, correspond to the goals and objectives of the work. The optimal amount of literature and sources on the topic was used. The work has a high scientific, methodological or practical significance.
		"Good" Corresponds to the grades: B+ (3,33; 85-89); B (3.0; 80-84); B- (2.67; 75-79) C+ (2,33; 70-74);	The comparative analysis was carried out in full and on time. All recommendations and requirements for the performance of work are taken into account. When defending, the student shows good knowledge of the topic. Makes non-fundamental mistakes when answering questions that he corrects himself. The content of the work fully meets the requirements. The purpose and objectives of comparative analysis are clearly identified in the ratoba. Independently analyzes the results, is able to compare and contrast with known facts described in scientific literature.

		"Satisfactory" Corresponds to the grades: C (2,0; 65-69); C- (1,67; 60-64); D+(1,33; 55-59) D (1,0; 50-54)	The comparative analysis was carried out incompletely and on time. Not all recommendations and requirements for the performance of work are taken into account. The content of the work is not fully disclosed. The relevance of the topic is not clearly presented. The optimal amount of literature and sources on the topic was not used. Insufficient reasoning of conclusions. During the defense, the student makes fundamental mistakes when answering questions.
		Unsatisfactorily Corresponds to the assessment FX (0,5; 25-49) F (0; 0-24)	Comparative analysis has not been performed. The work contains significant errors, the relevance of the topic is not substantiated, students do not know the facts, do not know how to search for information and its sources. There is no elementary knowledge of the main issues of the topic being studied.
4	Comparison table	"Excellent" Corresponds to the grades: A (4,0-95-100%) A- (3,67-90-94%)	The content corresponds to the topic, all columns and rows are filled in the table, the content of columns and rows corresponds to their title, the material is presented briefly, consistently, with the presence of special terms; The table is drawn up neatly with a pencil and filled out without blotches.
		"Good" Corresponds to the grades: B+ (3,33; 85-89); B (3,0; 80-84); B- (2,67; 75-79) C+ (2,33; 70-74);	The content corresponds to the topic, all columns and rows are filled in the table, the content of columns and rows corresponds to their titles, the material is not presented briefly and consistently enough, with a small number of special terms. There are blots in the design of the table.
		"Satisfactory" Corresponds to the grades: C (2,0; 65-69); C- (1,67; 60-64); D+(1,33; 55-59) D (1,0; 50-54)	Not all columns and rows are filled in the table, the content of columns and rows has some deviations from their names, the material is not presented sequentially, there are no special terms.
		Unsatisfactorily Corresponds to the grade: FX (0,5; 25-49) F (0; 0-24)	The table is not filled in or not all columns and rows are filled in the table, the content of columns and rows has significant deviations from their names, the material is presented inconsistently, there are no special terms. The table is carelessly designed.
5	Discussion of scientific articles	Excellent Corresponds to the grades: A (4,0; 95-100); A- (3,67; 90-94)	The discussion of scientific articles was completed on time, the structure fully complies with the requirements. Creative work fully reflects the problem under study. The student analyzed the problem, argued his conclusions and presented his own analysis of this

			problem. Illustrations are provided. During the defense, he answered all the questions correctly.
		Good Corresponds to the grades: B+ (3,33; 85-89); B (3.0; 80-84); B- (2.67; 75-79); C+ (2,33; 70-74);	The work was completed on time, the structure fully meets the requirements. During the defense, students demonstrate good knowledge of the topic. He makes non-principal mistakes, when answering questions that he corrects himself. Creative work fully reflects the problem under study.
		Satisfactorily Corresponds to the grades: C (2,0; 65-69); C- (1,67; 60-64); D+ (1,0; 50-54); D-(1,0; 50-54)	The work was completed independently by the deadline, the structure fully meets the requirements. Creative work is partially mastered, but the gaps do not have a significant character, most of the task is completed, there are inaccuracies, there are violations of the logical sequence in the presentation of the material. He did not sufficiently substantiate his conclusions.
		Unsatisfactorily Corresponds to the assessment 0:05-25;25:49; F (0; 0-24)	The work was not completed on time. During the defense, the student makes gross mistakes, when answering questions, does not know a significant part of the program material, creative work. The problem is poorly covered, there is no analysis and no own argumentation of the problem.
6	Report	Excellent Corresponds to the grades: A (4,0; 95-100%); A- (3,67; 90-94%)	The report was completed on time, written independently, the structure fully meets the requirements. The essay fully reflects the problem under study. The student analyzed the problem, argued his conclusions and presented his own analysis of this problem. Illustrations are provided. During the defense, he answered all the questions correctly.
		Good Corresponds to the grades: B+ (3,33; 85-89%); B (3.0; 80-84%); B- (2.67; 75-79%); C+ (2,33; 70-74%);	The report was completed on time, written independently, the structure fully meets the requirements. Illustrations are provided. During the defense, he made inaccuracies when answering questions.
		Satisfactorily Corresponds to the grades: C (2,0; 65-69%); C- (1,67; 60-64%); D+ (1,0; 55-59%); D-(1,0; 50-54%)	The report was completed on time, written independently, the structure fully meets the requirements. Illustrations are provided. During the defense, he was poorly oriented in the questions asked. He did not sufficiently substantiate his conclusions.
		Unsatisfactorily Corresponds to the assessment	The report was not completed on time. The problem is poorly covered, there is no analysis and own argumentation of the problem, and he does not answer

		FX (0,5; 25-49) F (0; 0-24%)	questions.
7	Project development	"Excellent" Corresponds to the grades: A (4.0 - 95-100) A- (3,67 – 90-94)	The project was completed on time, the structure fully meets the requirements. The project fully reflects the problem under study. The student analyzed the problem, argued his conclusions and presented his own analysis of this problem. Illustrations are provided. The consideration of the problem is based on a fairly deep content level. The work has a clear structure. A properly formatted list of references, correctly made references and contents. During the defense, he answered all the questions correctly.
		"Good" Corresponds to the grades: B+ (3,33; 85-89); B (3.0; 80-84); B- (2.67; 75-79) C+ (2,33; 70-74);	The project was completed on time, the structure fully meets the requirements. Illustrations are provided. The paper omits some important arguments. During the defense, he made inaccuracies when answering questions.
		"Satisfactory" Corresponds to the grades: C (2,0; 65-69); C- (1,67; 60-64); D+(1,33; 55-59) D (1,0; 50-54)	The project was completed on time, the structure fully meets the requirements. Illustrations are provided. During the defense, he was poorly guided by the questions asked. He did not sufficiently argue his conclusions.
		Unsatisfactorily Corresponds to the assessment FX (0,5; 25-49) F (0; 0-24)	The project was not completed on time. The choice of a research project is not justified and does not allow solving the stated problem. The problem is poorly covered, there is no analysis and own argumentation of the problem, He does not answer questions. The relevance of the project is partially substantiated. There are no references in the work.
8	Presentation	Excellent Corresponds to the grades: A (4,0; 95-100%); A- (3,67; 90-94%)	The student makes a presentation independently, within the established deadlines. Presentation consists of 20 slides and is based on informational, scientific data. Slides are informative and short. During the defense, the author demonstrates deep knowledge of the topic. Gives a clear, reasoned answer when discussing and answering questions
		Good Corresponds to the grades: B+ (3,33; 85-89%); B (3.0; 80-84%); B- (2.67; 75-79%) C+ (2,33; 70-74%);	The student makes a presentation independently, within the established deadlines. Presentation consists of 20 slides and is based on informational, scientific data. Slides are informative and short. During the defense, the author demonstrates deep knowledge of the topic. When answering questions, he makes fundamental mistakes, which he corrects himself.

		Satisfactorily Corresponds to the grades: C (2,0; 65-69%); C- (1,67; 60-64%); D+ (1,0; 50-54%)	The student makes a presentation independently, within the established deadlines. Presentation consists of 20 slides and is based on informational, scientific data. The slides are short and the importance is not fully revealed. When answering questions, he makes mistakes and cannot analyze.
		Unsatisfactorily Corresponds to the assessment FX (0,5; 25-49) F (0; 0-24%)	The student does not make a presentation independently, on time. Presentation consists of 20 slides and is not based on informational, scientific data. Slides do not reveal the content of the topic. During the defense, the student makes gross mistakes when answering questions. Does not orient himself in his material.
