C (2.0; 65-69%)		<ul style="list-style-type: none"> - a correct, but one-sided or insufficiently complete answer is given to topic - deviations from it or individual errors in the presentation were made
C- (1.67; 60-64%)		<ul style="list-style-type: none"> - factual material; - insufficient ability to draw conclusions and generalizations is revealed; - the material is presented quite logically, but there are separate violation of the sequence of expression of thoughts; - the conclusions do not fully correspond to the content of the main part.
D+ (1, 33 ; 5 5 -5 9 %)		<ul style="list-style-type: none"> - the topic is not fully disclosed, which indicates a superficial knowledge; - consists of a confused retelling of individual events, without conclusion and generalizations; - characterized by a random arrangement of the material, the absence connections between parts;
D (1.0; 50-54%)		<ul style="list-style-type: none"> - conclusions do not follow from the main part; - Numerous (60-100%) text borrowings from other sources; - characterized by the presence of gross speech errors.
Intermediate certification		
The form control	Grade	Criteria for evaluation
Midterm control Paperwork	Excellent A (4.0; 95-100%);	It is set if the teacher did not make any mistakes or inaccuracies during the answer. He orients himself in theories, concepts and directions in the discipline under study and gives them a critical assessment, uses the scientific achievements of other disciplines. • Control of simple grammatical constructions. Errors occur when trying to create complex structures.
	Great A- (3.67; 90-94%)	Punctuation and spelling are mostly accurate. Mistakes do not interfere with understanding. Vocabulary sufficient to answer questions. Uses simple connected techniques to organize responses in a linear sequence of sentences.
	Good B+ (3.33; 85-89%); B (3.0; 80-84%)	It is put in the event that the teacher during the answer did not make gross errors in the answer, made unprincipled inaccuracies or fundamental errors corrected by the student himself, managed to systematize the program material with the help of the teacher.
	Good B- (2.67; 75-79%) C+ (2.33; 70-74%).	Uses simple grammatical structures to write text at the sentence level. Errors with simple structures are common and sometimes interfere with understanding. Noticeable punctuation and spelling errors. Vocabulary is not enough to answer the question(s). Incorrect choice of vocabulary is noticeable and sometimes interferes with understanding. The responses are lists of suggestions and are not organized as coherent texts.
	Satisfy effectively C (2.0; 65-69%) C- (1.67; 60-64%)	It is put in the event that the teacher made inaccuracies and non-principled errors during the answer, limited himself only to the educational literature indicated by the teacher, experienced great difficulties in systematizing the material. Noticeable punctuation and spelling errors. Vocabulary is not enough to answer the question(s).
	Satisfactorily D+ (1, 33 ; 5 5 -5 9 %) D (1.0; 50-54%)	Uses simple grammatical structures to write text at the sentence level. Errors with simple structures are common and sometimes interfere with understanding. Incorrect choice of vocabulary is noticeable and sometimes interferes with understanding. Vocabulary is limited. The answers are lists of suggestions and are not organized as linked text.

12.	Politics of discipline
	<ol style="list-style-type: none"> 1. Do not be late for classes; 2. Be punctual and obligatory; 3. Observe safety and fire safety, follow the instructions; 4. Actively participate in the educational process; 5. Do not miss classes, in cases of absence due to illness, provide a certificate; 6. Work off missed classes at the time appointed by the teacher; 7. Each student must be present until the end of the class; 8. Take your homework seriously; 9. Do not talk during class, turn off your cell phone, do not bring food and drinks into the classroom; 10. Be tolerant and friendly to fellow students and teachers; 11. Wear the appropriate uniform (white coat, cap) at the academy; 12. A student who scored a low score (less than 50 points) when passing the midterm control has two attempts to retake and at the next attempt 10 points are subtracted from the score. 13. For each absence for the SROP session, a point is deducted from the total score (one "nb" 2 points). <p>Failure to comply with these rules is considered a violation of the requirements of ethical conduct.</p>
13.	Academic policy based on the moral and ethical values of the academy
	<p>academic policy. 11.4 Student honor code</p> <p>The student strives to become a worthy citizen of the Republic of Kazakhstan, a professional in the chosen specialty, to develop the best qualities in oneself creative personality.</p> <p>The student treats elders with respect, does not allow rudeness towards others and shows empathy for socially vulnerable people and take care of them as much as possible.</p> <p>A student of decency, culture and morality, intolerant of manifestations immorality and does not allow manifestations of discrimination based on sex, national or religious grounds.</p> <p>The student leads a healthy lifestyle and completely refuses harmful habits.</p> <p>The student respects the traditions of the university, protects its property, keeps cleanliness and order in the student hostel.</p> <p>The student recognizes the necessary and useful activity aimed at development of creative activity (scientific and educational, sports, artistic and etc.), to improve the corporate culture and image of the university.</p> <p>Outside the walls, the student always remembers that he is a representative of the highest schools and makes every effort not to drop his honor and dignity.</p> <p>The student considers it his duty to fight all types of academic dishonesty, including: cheating and turning to other persons for assistance in passing knowledge control procedures; representation of any size ready-made educational materials (abstracts, term papers, control, diploma and other works), including Internet resources, as the results of their own work; using family or service ties to get a higher grade; absenteeism, tardiness and skipping classes without a good reason.</p> <p>The student considers all of the listed types of academic unscrupulous as incompatible with obtaining high-quality and competitive education worthy of the future economic, political and management elite of Kazakhstan.</p>
	<p>12. Grading Policy</p> <p>Undergraduate</p> <ol style="list-style-type: none"> 1. Evaluation of educational achievements of students involves the evaluation of current control,

Foreign language department	044-36/11()
Syllabus of educational program“General medicine” 1 year	25page. from 24

- boundary control and final certification of students.
2. The current control of students' knowledge is carried out within the framework of practical (seminar, laboratory) classes with daily filling of the educational journal student progress and an electronic journal by the end of the week. student who missed a lesson, lecture and SIWT (if not released from classes in accordance with by the order of the dean of the faculty) the mark “g” is set (the language of filling is Kazakh); "n" (filling language - Russian); "a" (filling language - English).
 3. Missed classes for an unexcused reason are not made up. Students who missed classes for an unexcused reason or did not work in the electronic journal next to the mark "n" is rated "0" in the last week academic period.
 4. Missed classes for a good reason are worked out when providing a supporting document (due to illness, family reasons or other objective reasons). The student must submit a certificate no later than 5 business days from receipt. In the absence of supporting documents or when they are submitted to the dean's office later than 5 working days after the study reason is considered disrespectful. The student submits an application to the dean and receives a worksheet indicating the due date, which is valid for 30 days from the date of its receipt in the dean's office. Students who missed classes good reason in the electronic journal next to the mark "n" is set grade obtained as a result of practicing the lesson. In this case, the mark "n" automatically is cancelled.
 5. For students who missed classes due to the dean's order for release, the mark "n" is not set, the mark obtained as a result of working out is set lessons. The form of control is determined by the department (the policy of the department).
 6. By the 1st day of each month, the departments submit information about progress to the dean's office
student attendance.
 7. The boundary control of students' knowledge is carried out at least two times during one academic period at 7-8/14-15 weeks of theoretical training with putting down the results of milestone controls in the educational journal of progress and electronic journal, taking into account penalty points for missing lectures (missing lectures in in the form of penalty points are subtracted from the midterm control scores). Penalty point for skipping 1 lecture is 1.0 points. A student who did not appear at the border control without good reason, is not allowed to take the exam in the discipline. student, not who appeared at the border control for a good reason, immediately after started classes, submits an application addressed to the dean, provides exculpatory documents (due to illness, family circumstances or other objective reasons), receives a work sheet, which is valid for the period specified in paragraph 12.4. The results of midterm control are provided to the dean's office in the form of a report to the end control week. Midterm control scores are set in accordance with the points of the practical lesson.
 8. The assessment of the SIW is given in the SIW classes according to the schedule in the academic academic journal and electronic journal, taking into account penalty points for omissions SIW classes (missing SIW classes in the form of penalty points are deducted from the marks SRS). The penalty point for missing 1 session of the SIWT is 2.0 points.
 9. A student who did not score a passing score (50%) for one of the types of controls (current control, boundary control No. 1 and / or No. 2) is not allowed to take the exam in discipline.
 10. Correction of estimates of current and boundary controls is carried out when technical errors in filling out an electronic journal on the basis of an explanatory notes of the teacher (signed by the head of the department) indicating the reason; submission of supporting documents (progress log, etc.); permissions vice-rector for academic and methodological work.
 11. The assessment of students' knowledge is carried out according to the point-rating letter system, according to which 60% is current control, 40% - final control.
 12. The final grade is calculated automatically based on the average grade current control, average assessment of midterm controls and final control assessment:

Foreign language department

Syllabus of educational program "General medicine" 1 year

044-36/11()

26page. from 24

Final Grade (100%) = Tolerance Rating (60%)+ Final Control (40%)
Acceptance rating (60%) = Average score of intermediate controls (20%) + Average score current control (40%)

Average score of midterm controls = $\frac{\text{Midterm control1} + \text{Midterm control2}}{2}$

Average current control score = arithmetic mean sum of current scores with taking into account the average score for the SRS

Final score (100%) = $RK_{av} \times 0.2 + TK_{av} \times 0.4 + IC \times 0.4$

RKav - average score of boundary controls

TKav - average assessment of the current control

IC - assessment of the final control

13. The level of student mastery of the academic discipline is reflected in examination sheet on a 100-point scale, corresponding to the one adopted in international practice of an alphabetic system with a digital equivalent (positive grades, in descending order, from "A" to "D", and "unsatisfactory" - "FX", "F") and estimates according to the traditional system.

14. Approval and revision

Дата согласования с Библиотечно-информационным центром	Протокол № <u>9</u>	Ф.И.О. руководителя БИЦ	Подпись
