10.2. Criteria for assessing

Checklist for assessing practical class

Form of Work	Criterion	Description	Points (max 100)
Testing (20 points)		All answers are correct	17-20
	0 14 6 4	Most answers are correct, but there are errors	12-16
lest	Quality of Answers	Partially correct answers	7-11
1 (26		Many incorrect answers	0-6
Completion of Individual Computer Task (60 points)		Fully completed with correct results	50-55
	Completeness of Task	Completed, but with minor errors	35-49
		Partially completed with significant errors	20-34
pletio dividu mput Task		Task completed partially or with multiple errors	0-19
	Adherence to Deadlines	On time	5
Ü		Late	0
	Activity in	Active participation, constructive comments	5-10
ë 1		Participation with minimal comments	3-4
tior sior nts	Participation	Passive participation or lack of constructive	0-2
Participation in Discussion (20 points)		comments	
		Clearly formulated and justified arguments	5-10
	Quality of	Arguments present but not always justified	3-4
	Argumentation	Arguments absent or unconvincing	0-2

Checklist for assessing SIW

SIW 1

Form of Work	Criterion	Description	Points (max 100)
es	Accuracy of the Flowchart	The flowchart is fully accurate and reflects all necessary components and processes	20-25
devices		The flowchart is mostly accurate, but there are minor errors	15-19
		The flowchart has significant errors, with some components and processes missing	5-14
oin		The flowchart is inaccurate or incomplete	0-4
	Dee debility and	The flowchart is clearly designed in Lucidchart, all elements are easily readable and logically connected	10-15
Flowchart (Lu	Readability and Design	The flowchart is generally readable, but there are minor design flaws	5-9
E		Readability and design hinder understanding of the flowchart	0-4
base (MS Acces s) (60 point	Tables	All necessary tables are created, properly structured, and relationships between tables are established	15-20

		Tables are created, but there are errors in structure or not all relationships are correctly set	10-14
		Tables are partially created, with significant errors in structure and relationships	5-9
		Tables are missing or incorrect	0-4
		All necessary forms are created, functional, and user-friendly	7-10
	Forms	Forms are created, but their functionality or design needs improvement	4-6
		Forms are partially created or incorrectly designed	0-3
		Queries are correct, efficiently retrieve and process data	10-15
	Queries	Queries are created but work inefficiently or contain errors	5-9
		Queries are partially created or incorrect	0-4
		Reports are created and accurately display query results and data	10-15
	Reports	Reports are created, but their content or format needs improvement	5-9
		Reports are missing or incorrect	0-4
SIW 2			
Form of Work	Criterion	Description	Points (max 100)
ıre		The network topology is clearly described with all necessary details, covering the entire office	15-20
lhca	Clarity and Detail of Description	building

12. Course Policy and Requirements

- **1. Attendance:** Regular attendance is mandatory. Students must attend at least 80% of the classes to qualify for the final examination. Participation in all scheduled activities, including practical tasks and SIWs is essential.
- **2. Assignments and Projects:** All assignments and projects must be submitted on time. Late submissions will incur penalties unless prior arrangements have been made with the instructor. Assignments must meet the specified criteria and be submitted in the required format.
- **3. Examinations and Assessments:** Two midterm assessments will be conducted during the semester, on the seventh and fourteenth weeks, respectively. Passing these midterm assessments is mandatory for eligibility to sit for the final exam. The results of the midterm assessments will be sent to the Dean's Office in the form of a report at the end of the assessment week. Both midterm controls will be conducted under strict examination conditions, and any form of academic dishonesty will result in severe consequences.
- 4. Grading Policy: The final exam grade will be calculated as the sum of the current assessment grade and

the final exam grade. The current assessment includes grades for each practical class, completion of student independent work, and results of midterm controls, accounting for 60% of the overall grade. The final exam accounts for 40% of the overall grade. To pass the course, students must achieve a minimum overall score of 50%.

- 5. Communication: Students should regularly check the course's online platform (Platonus, Whatsapp chat) for announcements, assignment details, and other important information. Queries and communications should be directed through the official communication channels provided by the instructor.
- **6. Academic Integrity**: Students are expected to uphold the highest standards of academic integrity. Plagiarism, cheating, and other forms of academic dishonesty will not be tolerated and will result in disciplinary action.
- 7. Technology Requirements: Students must have access to a computer with the necessary software installed. Reliable internet access is also required for completing online assignments and participating in virtual classes.
- 8. Behavioral Requirements: Students are expected to show respect and courtesy towards both the instructor and their classmates. Tolerance and appropriate behavior in the learning environment are required. Medical students must wear white coats and medical caps during classes.
- **9. Support and Resources:** If you encounter difficulties with the course content or assignments, seek help early. Resources such as office hours, tutoring sessions.

early. Resources such as o
